

## SENATE VOTES \$500,000 FUND

Accepts House Measure for  
Relief of American  
Refugees

PRESIDENT IS SCORED  
BY SENATOR BORAH

In Opposition to Grant of  
Money Without Declara-  
tion of Policy

Washington, D. C., April 24.—The Senate late yesterday, after considerable debate, passed the emergency resolution giving President Wilson \$500,000 to be used in his discretion for the removal of American citizens from Mexico. The resolution, which passed the House on Wednesday, will go to the president for his signature.

That the United States and Mexico are actually at war was the declaration of Senator Borah yesterday, when the administration Senate leaders sought to pass the bill granting President Wilson \$500,000 to move Americans out of Mexico. Senator Borah declared that the United States should immediately get out of Mexico, out of Honduras and Nicaragua. Senators Smoot and Borah criticised the way in which the administration has handled the Mexican situation.

"Before another forty-eight hours have passed, in my judgment, we shall be at war with 'United Mexico,'" said Senator Borah. "No one doubts what the forces of Huerta will do and no one can doubt what the forces of Carranza will do."

"I think when this act is passed it ought to be declared that the United States will withdraw from Mexico, will withdraw from Nicaragua, will withdraw from Honduras."

"Do the people understand that the present government of Nicaragua would melt as the mists if the American marines were to-day withdrawn from in front of the White House in Managua?" asked Senator Borah.

"We are enforcing upon the people of Nicaragua a government they do not want. It is just this gradual encroachment into the affairs of our neighbors that has led the whole world to suspect us of ultimate intention to expand our sovereignty over these countries. In what I am saying, I want it understood that I am not challenging anything that the president has said. I believe he meant what he said at Mobile in regard to the United States not wanting more territory, but that is what we have said ever since Thomas Jefferson annexed Louisiana. I believe that if the American flag ever goes up in Mexico it will never come down."

Senator Borah's impassioned speech was followed by one of similar tenor by Senator Lodge, who declared that the real reason for rejecting his resolution and that of Senator Gallinger, calling for the protection of Americans in Mexico, was not that it enlarged the scope of the resolution into a declaration of war, but that if this amended the resolution would complicate the president's relations with Pancho Villa and Carranza. "That resolution would have required protection to citizens in the northern provinces," said Senator Lodge. "We might have interfered with some of the bands now operating under Carranza and Villa. We have read the statement of our quondam allies in the morning papers. They already have drifted away. Is it possible that we are so entangled with Villa and Carranza that we can't stop shipment of arms?" cried Senator Lodge sternly. "We could not do more for our allies than that. We are in danger of a fight on that border at any moment. Why aren't we taking the ordinary precautions there? Why don't we stop the shipments? I am reminded of the lines of Lowell:

"You wonder why we're hot, John:  
Your mark was on the gun—  
The 'neutral' mark that shot  
Our brothers and our sons."

"If those guns were shipping to Mexico were found," said Senator Lodge, "the mark of the United States would be found on them. The thing that troubled me more than anything else in preparing my resolution was the putting us in the position of an ally of Pancho Villa."

PROTEST FROM THE BAY STATE.

Federation of Churches Tells Senate That  
America Must Respect Peace.

Washington, D. C., April 24.—Senator Lodge presented to the Senate yesterday afternoon the solemn protest of the Massachusetts Federation of Churches against war with Mexico. The protest, which was in the form of a night letter, and which was read to the Senate by the clerk, was signed by President Charles F. Rice and Secretary Charles Conklin. It is as follows:

"The Massachusetts Federation of Churches, believing that it speaks for the great body of the Christian people

## A TONIC FOR DYSPETICS

When food lies undigested in the stomach it ferments and gas forms. This gas distends the stomach and presses on the heart, causing a pain that sometimes arouses fear of heart trouble. The condition in which gas forms is caused by a low tone of the digestive organs and a lack of rich red blood resulting in deficient nerve force. It is a condition that calls for a tonic.

Dr. Williams' Pink Pills, a tonic for the blood and nerves, have been used with great success in the treatment of this form of stomach trouble. Cold baths in the morning followed by brisk friction with a rough towel will help as they stimulate the circulation but a tonic treatment with Dr. Williams' Pink Pills by building up the blood, restoring the nerve force and making the stomach able to do its work gives the most lasting benefit. With their use the appetite increases, digestion becomes normal and improvement in the general health follows with certainty.

You are trying no experiment when you take Dr. Williams' Pink Pills. They cannot harm the most delicate system. You can get Dr. Williams' Pink Pills at the nearest drug store. A copy of the diet book "What to Eat and How to Eat" will be sent free by the Dr. Williams Medicine Co., Schenectady, N. Y.

of Massachusetts, solemnly protests against war with the Mexican people. Our churches believe that in whatever may be done in behalf of order in Mexico there should be no thought of aggression nor selfish aggrandizement. They desire such policies as shall circumscribe to the utmost the exercise of force and shall advance the friendly and rational settlement of the present crisis. The United States even under great provocation must not forget its obligations as a leader in the sacred cause of international peace."

## LAUNCH CAPTURES MEXICAN "WARSHIP"

Admiral Badger's Flag Lieutenant Ig-  
nores Rifles and Overawes  
the Soldiers Aboard.

New York, April 24.—Flag Lieutenant McCall of Admiral Badger's fleet captured a Mexican gunboat with nothing more than a launch from the warship Arkansas, armed with a one-pounder gun, as told in a special despatch to the Evening Sun yesterday.

The despatch says the gunboat was attempting to take 250 soldiers off a transport which had just arrived outside the harbor when McCall's launch approached in the launch. The soldiers drew up along the rail and covered the flag lieutenant with their rifles, but he ignored their commands to halt, boarded the vessel and took charge of it in the name of the United States.

## VILLA EXCITED.

Threatens to Throw 12,000 of His Men  
Into El Paso.

El Paso, April 24.—Foreigners are flocking by the Mexican railroads on the way to the United States. All rebel leaders met and signed notes to Carranza Carranza contemplating him on what they termed his patriotic attitude.

Villa, it is understood, was influenced in shaping Carranza's reply to Bryan. Villa is reported to have said he could land 12,000 men in El Paso in 48 hours to teach the Cringoes a lesson.

A 12th United States cavalry squadron and an infantry battalion arrived at the international bridge yesterday to reinforce another battalion which is on duty.

## AMERICAN JACKIE KILLS A MARINE

Yuogan Sailor Becomes Excited, Forgets to  
Challenge and Fires on Comrade  
at Vera Cruz.

Vera Cruz, April 24.—One of the American marines was killed during the night by a young bluejacket. The sailor was on sentry duty and became excited when he saw a figure move toward him out of the darkness. He forgot his instructions to challenge three times, and fired immediately, the marine falling dead.

## Jacob A. Riis Dying.

S. P. C. C. Agent Tries to Prevent Lad  
From Going to Mexico.

Boston, April 24.—One hundred and twelve marines from the Portsmouth Navy yard reached here last night en route for Mexico, and took the midnight train for New York. They were in command of Capt. Buttrick.

An agent of the Society for the Prevention of Cruelty to Children tried to prevent Matthew Dobbs, 16 years old, of Cleveland, a drummer boy, from leaving with the marines. The police declined to interfere.

## HUNDREDS WOULD BE NURSES.

Women in All Walks of Life Offer Their  
Services.

Washington, April 24.—Women in all walks of life are volunteering by the hundreds to serve as nurses in the field, according to an announcement made by the Red Cross headquarters yesterday. Already more than 4,000 women have been enrolled, which gives the Red Cross more than are likely to be required. From these will be selected those who have already had experience as nurses, as the war department will accept no others.

The executive board of the local association of anti-suffragists yesterday forwarded to President Wilson a formal proffer of the services of the organization's members in the trouble with Mexico.

## SUGGEST PEACE TENDER.

Liberal Member in House of Commons  
Would Act Under Hague Convention.

London, April 24.—An offer by Great Britain of her good services, in accordance with The Hague convention, "with regard to the war between the United States and Mexico" was suggested by David Marshall Mason, a Liberal member, in the House of Commons yesterday. In reply Premier Asquith asked Mr. Mason, in view of the importance of the matter raised, to repeat his question next week, when he said perhaps Sir Edward Grey, the foreign secretary, would have returned from France, where he is accompanying the king. Mr. Asquith added that the British government was carefully watching the situation in all its aspects. The prospects of active service has attracted to the American embassy and consulate general a number of retired British officers and soldiers who have offered their services to the American army.

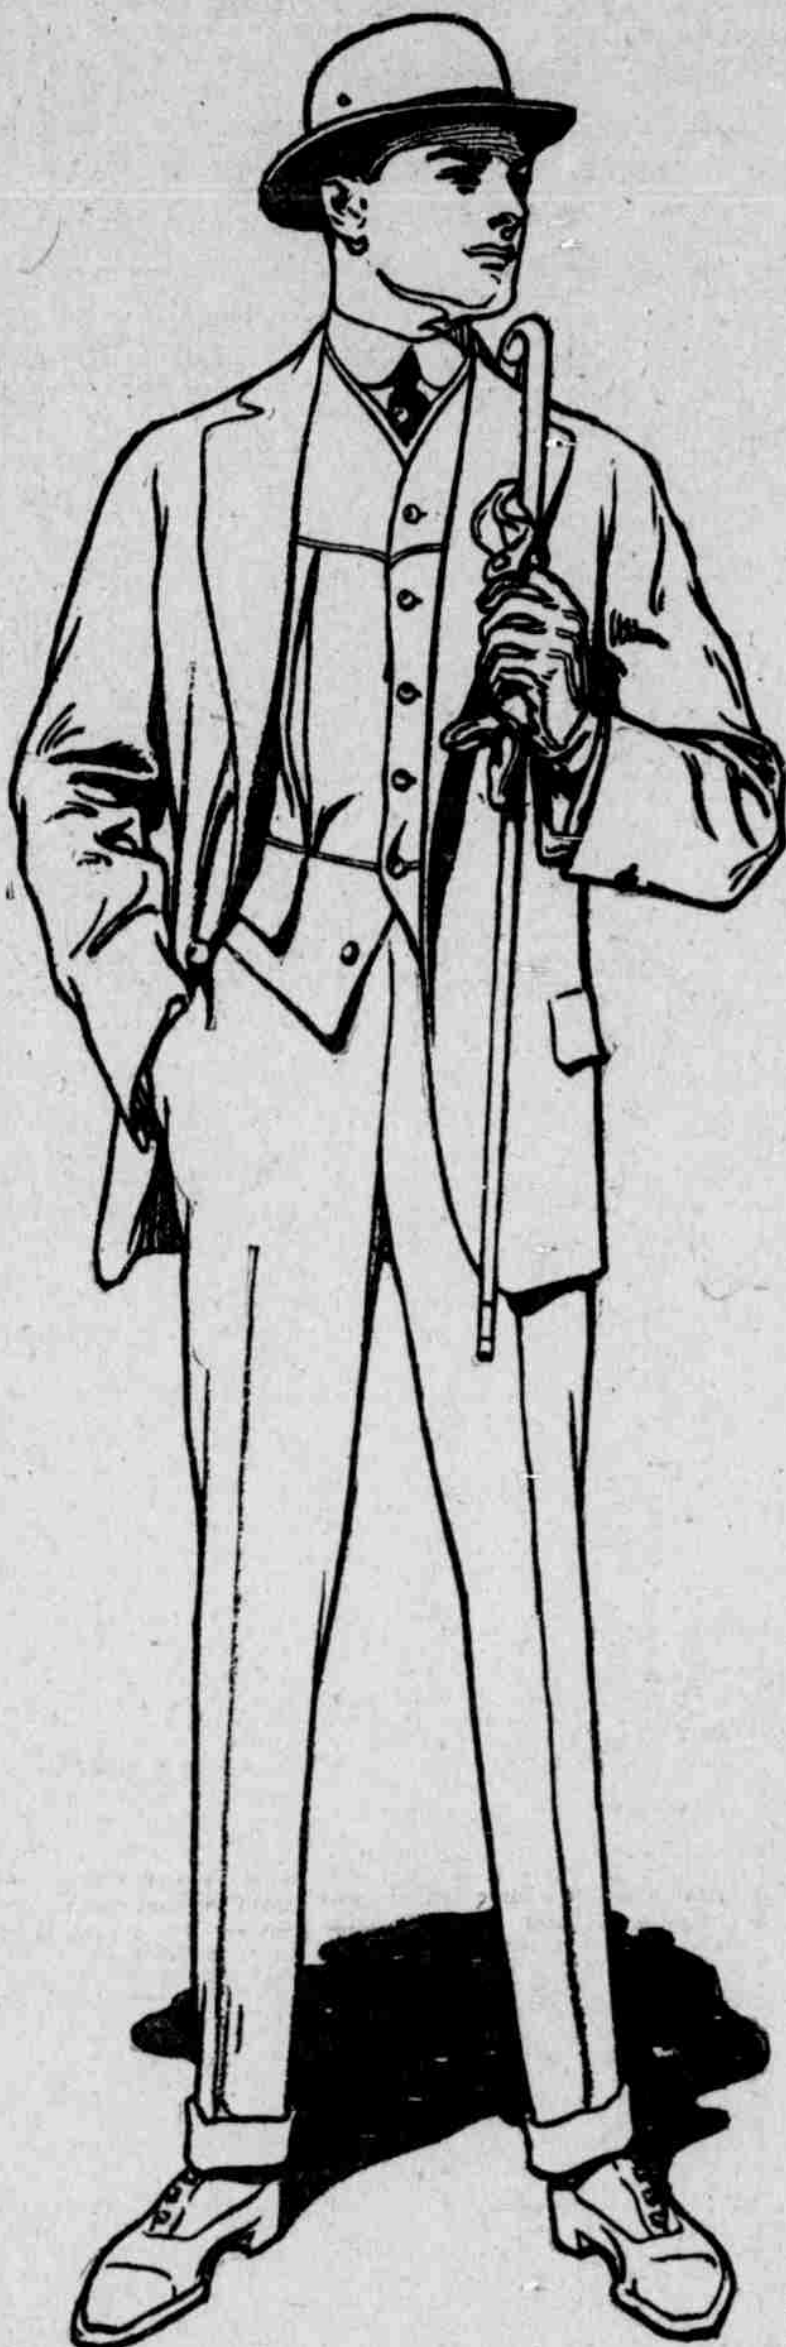

## TOP SPEED IN SHELL FACTORY.

Rebel Order Refused by American  
Ammunition Manufacturers.

Richmond, Va., April 24.—Day and night shifts are at work at the Tredegar Iron Works here turning out shells and shrapnel for the United States army. Several cars were loaded yesterday to be shipped to the Mexican border. That a rush unlimited "factory capacity" order for their output was recently received from the Mexican rebel forces leaked out yesterday. The request came from a New York banking firm which guaranteed payment. The Tredegar company turned down the order, stating that its entire output was at the disposal of this government.

# New Spring Styles

now in full bloom in  
Hart Schaffner &  
Marx fine clothes

It's always an event which deserves notice when a new season in men's clothes starts; especially when the clothes are such as we're showing from Hart Schaffner & Marx. Never before in the history of the clothing business have we known so fine a line of goods as these.

The models designed for young men are especially attractive. Special fabrics are chosen for these goods; patterns and colorings that are a little livelier than older men wear. The models are the work of special designers who give their attention exclusively to the creation of young men's styles.

The new tariff law makes it possible to use in ready clothes many imported weaves which have hitherto been too costly for such uses. The usual very large range of fabrics and patterns in American goods will not be less. Checks, plaids, tartans, shepherd plaids, Glen Urquhart plaids, black-and-white, blue-and-white, soft grays, greens, browns, pencil stripes, chalk lines. You'll find what you want among them.
